The Project Approval Board (PAB) meeting held under the Chairmanship of Secretary, Ministry of Women & Child Development on 29.04.2019 at Conference Hall, M/o WCD to discuss the Annual Plan of Gujarat under Child Protection Services Scheme for the financial year 2019-20. The list of participants is enclosed at **Annexure A**.

2. At the outset, the Chairman welcomed the officers from the State. In his initial remarks, Secretary observed that Child Protection is increasingly becoming more and more necessary in the Country, especially in the backdrop of rising crime against children as well as crime by the children. He stressed upon the need for regular inspections of CCIs to ensure that adequate arrangements, which have been prescribed under the JJ Act and Rules like Medical facilities, quality of food, manpower in position in CCI, have been made. Steps may be taken to sensitize the staff engaged in child protection regarding the sensitive handling of children in need of care and protection (CNCP) as well as children in conflict with law (CCL). Secretary (WCD) directed the State representatives to ensure police verification of the staff engaged in CCIs. While drawing attention towards the need for providing adequate number of facilities as per the law, he advised the State to avoid clustering of CCIs in few cities only. The State may rationalize the existing facilities to ensure that some CCIs do not remain vacant while some have children more than the capacity. The State should make efforts for the rehabilitation, restoration and mainstreaming of the children living in CCIs, back in the society.

3. The state has submitted the following proposal.

The State was also asked to submit a certificate (**Annexure D**) to the effect that all the facilities recommended for grant in aid under Child Protection Services have been duly inspected and found in order. The AADHAR registration of these child beneficiaries should also be done in accordance with the UIDAI notification for the scheme.

iv) State was also asked to update the information of missing / found and matched children on the TrackChild Portal. It was pointed out that as on 29.04.2019 out of 624 Police stations, only 551 were entering data of missing children on TrackChild portal.
